PROFESSIONAL SUMMARY

B.Tech Computer Science student at IKGPTU with hands-on experience in Python, machine learning, recommendation systems, APIs, and databases. Completed a 6-week AI/ML internship at Netmax in Chandigarh and developed a movie recommendation and information platform. Seeking an AI/ML internship or entry-level AI Engineer role.

TECHNICAL SKILLS

Programming: Python, C, C++

AI / Machine Learning: Machine Learning, Deep Learning fundamentals, Generative AI, classification, regression, clustering, recommendation systems

Libraries & Tools: NumPy, Pandas, Scikit-learn, Jupyter Notebook, Git, GitHub, VS Code

Web & Data: Flask, HTML, CSS, SQL, REST APIs, databases

PROJECTS

Movie Recommendation & Information Website | *Python, Flask, Machine Learning, APIs, Database*

- Built a web application where users can search movies and view key information in one place, including genre, director, cast, ratings, and streaming availability.
- Developed recommendation logic based on movie category, director, and related attributes to suggest relevant titles.
- Integrated external APIs and a database with Python and Flask to retrieve, organize, and display movie information.

Machine Learning Practice Portfolio | *Python, Pandas, Scikit-learn*

- Practised data preprocessing, feature scaling, train-test splitting, model training, and evaluation using academic datasets.
- Explored algorithms including KNN, decision trees, random forest, Naive Bayes, SVM, regression, and clustering.

EXPERIENCE

AI/ML Intern | Netmax, Chandigarh | June 2025 (6 weeks)

- Completed a structured 6-week internship focused on practical AI/ML concepts and Python-based workflows.
- Strengthened skills in data preparation, machine learning experimentation, model evaluation, and technical documentation.

EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering

IKGPTU, Kapurthala, Punjab | Expected Graduation: 2027

RELEVANT COURSEWORK

Artificial Intelligence, Machine Learning, Cloud Computing, Data Mining, Compiler Design, Database Management Systems
